Full-stack software engineer with hands-on internship and apprenticeship experience building scalable web and mobile platforms. Skilled in Laravel, Flutter, React, and Node.js with exposure to AI systems, distributed architectures, and DevOps practices.

SKILLS

Languages: Python, JavaScript, PHP, Java, C#, Dart

Frameworks: Laravel, Flutter, React, Node.js, Kotlin

Databases: MySQL, MongoDB, Redis

Tools: Git, GitHub, Azure DevOps, JIRA, Postman

Concepts: RESTful APIs, Agile, RBAC, RAG Pipelines, SSE

Soft Skills: Leadership, Problem-Solving, Team Collaboration

EXPERIENCE

Full-Stack Software Engineering Intern — XpertBot *Oct 2024 – Apr 2025 (Remote)*

- Built a full-stack e-commerce platform ("Epic Toy Store") using Laravel and Flutter with secure RESTful APIs and Redis caching.
- Conducted automated testing (Selenium) and vulnerability assessments (OWASP ZAP, Burp Suite) with AWS EC2 hardening.
- Managed Agile workflows via Azure DevOps and Jira; developed analytical dashboards for business insights.

Software Engineering Trainee (AI & Distributed Systems) — Eurisko *Sep 2025 – Oct 2025 (Hybrid)*

- Designed distributed architectures for high-traffic systems (follower graphs, inventory drops, real-time notifications).
- Built and deployed RAG pipelines using open-source LLMs and FAISS vector search with structured prompt engineering.
- Developed a production-style full-stack MVP with real-time order tracking (SSE) and cloud deployment best practices.

PROJECTS

Epic Toy Store – E-commerce Platform *Laravel · Flutter · MySQL · Redis*

- Full-stack web/mobile platform with RBAC auth, Redis caching, API rate limiting, and security testing.

EduGate – School Management System *React · Laravel · MySQL · AI Integration*

- Academic platform with AI assistant and predictive analytics for attendance, grades, and pass/fail forecasting.

Lebanese Brotherhood Management Platform *React · TypeScript · Laravel · JWT*

- Role-based member management system with JWT auth, deployed on Vercel & Render; used daily for events and records.

EDUCATION

Bachelor of Computer Science — American University of Technology *2026*

CERTIFICATIONS

- XpertBot: Flutter & Git, Laravel & Git, Data Science, Project Management, Cyber Security, QA
- Eurisko: AI Systems & Full-Stack Engineering Training (Jan 2026) · AI Full Lifecycle for Developers (Oct 2025)
- Semicolon Academy: Cybersecurity Workshop (Jan 2026) · Lebanese Universities CTF Competition (Jun 2025)
- Maxwell Leadership: Public Speaking & Interview Skills
